- SQL (BASIC) Certified for the Skill – HackerRank  
Demo -
- Java Certificate for the skill – HackerRank  
Demo -
- Certification of Completion of JavaScript Programming - Udemy  
Demo -

## PROJECTS

### Image Encryption and Decryption

A Simple app using java and some basics Concept of swing. In this project, we encrypt an image using a number, and using the same number we decrypt that image. We take the byte from that image and do XOR operations that change the value of the byte and the image is unable to preview and decrypted.
